President's Report

by Sue Borden

I hope you are all having a good New Year so far. The spring rabbit shows have started and even though the calendar still shows winter, it is good to think spring. Our national show in Hamburg, N.Y. will be here before we know it and I am hoping everyone considers attending this show. The New York club has a lot of experience putting on a national and always has a nice show. It is a long way for us to drive but we will attempt the trip and look forward to seeing everyone.

I want to bring attention to the Federation election coming up this year. This will be my last year as your president since I have served my two terms. You will be electing a new President, Vice President and 6 directors. Please note that you can now have 2 directors elected from the same state. This change was made in the special election last fall. Please check your guidebook for the petition requirements listed for running for office in your Federation. This is a great club and it would be in our club's best interest to see many names on the ballot this summer. The petition will be printed in this *Times*, so start getting those signatures.

The new and improved guidebook will be out to you this spring. All members will receive a copy so make sure that your membership is up to date. Also check your ad date in the *Times* and make sure you renew if needed. If you have not put your ad in the *Times* now is the time to consider the benefit to your rabbit hobby or business.

This will be the first issue of the *Times* with our new editor. Make sure that you get your articles in so we give Adam

something to work with. All officers and directors, please check out your addresses and telephone numbers that are printed in the *Times* and make sure those are correct. Our members may have the need to contact someone in their area and it is frustrating to try only to find the listed information is incorrect.

We hope to see many of you in New York in April. In the meantime please feel free to contact me with anything for the betterment of our Federation.

Vice President's Report

by Bob Swartz

Winter in the heartland! I'll take that for the gospel! It's February 1st and they are calling for a high of 22 degrees today. I can live with that! February 4th is the first Ohio rabbit show of the season at Lima, Ohio. They're calling for a high of 10 degrees and near 0 degrees at night for that weekend. Not a good omen! The Lima Club had to cancel their show for the last two years due to snow storms. I don't think the cold will hurt them too much if the snow holds off. There are a lot of people around the state that are anxious for a rabbit show!

A belated congratulations to the Klindt's, Cooper/Esterline, W. Tisher, D. Mangione, M. Hidalgo, D. Benker, P.&A. Grundtisch, J.&J. Neff, T. Bourman, Lick/Pearse, Jackie Neff, Greg Wauthier, Brittany/Morgan Webb, Jessica/ Katelyn Morgan, Jessica Ruiz, Hannah Means, Katrina Kennedy, and Ashton Hossman. Looks like you had your rabbits ready and made a good showing at the Texas Convention. This was a nice presentation of our good New Zealand Rabbits. Way to go folks!

A special thanks to Rick Shipe for all his years and dedication in putting out a first class Newsletter! It takes a lot of time and sometimes a little neglect in getting things done on the home front. Your efforts have been noticed over the years and are appreciated by all members!

2007 brings a new Newsletter Editor! Adam Benker has stepped forward and has agreed to pick up the reins. Please give him your support! Good luck Adam in your new endeavor!

Looks like around 11 or 12 weeks until the National New Zealand Show in Hamburg, New York. April 21 to be exact! I'm looking forward to this one, as we weren't able to attend the Texas Convention. I've made our room reservation and looking forward to receiving the National Show Catalog. Once the catalog arrives it's not too long until show time! We have a few New Zealand Blacks set back to show. I get to stew and fret now and hope that the cold weather doesn't frost too many of the young's ears. Sometimes the cold hurts you as much as hot weather. Time will tell!

Good luck to everyone during the upcoming show season! Hope to see many of you in New York.

Sec.-Treas. Report

by Sam Rizzo

Hi everyone,

Hope everyone is surviving the winter. It is really different this year. Snow and ice where it normally doesn't happen and 50 degree temperatures in the areas that are usually freezing at this time of the year. Here in the Northeast we are finally getting winter. Some snow and temperatures below 0 at night with a lot of wind. You will find in this issue of the *Times* that

there is a petition for directors and vice-president and president. What has changed this year is that we can have more than one director from the same state. This may help us find people that are interested in becoming directors running when they did not run before.

Things are coming along good for the National in April. The catalog should be done and mailed by late March. Everyone that showed at the 2004 show will be sent a catalog and everyone that has requested one will also be sent one. Send requests to me.

The show season is slow here in the East. Had a triple showing for New Zealands at the PA State RBA show first week in February. Seems that many people are having trouble getting litters this winter. A lot of does not taking care of the litters after they are born.

I hope everyone has been getting their reservations in for the Convention in Grand Rapids. It should be a good one.

Director's Reports

Jim Bounakes

Hello from New England, Old man winter has finally come down on us. After a warm January the month of February has been very cold and windy, bad for business, bad for just about everything! The harbors are all frozen and almost impossible to get out of unless ice breakers from the Coast Guard come in to bust up the thick ice.

The shows around this part of the country have come to a halt until March. The rabbits are doing ok, as long as the water is open 3-4 times a day. I have a lot of litters fortunately. At the end of February on warm days, if I get a few, the does will breed, especially if they have sun on them in the front part of the cage.

Hamburg will be here before you know if and I am sure there will be a big turnout, Tim, Paul, Rick, Joe and the boys will put on a real

good show, like the last time.

I like to say something about the price of grain. Around here we're paying \$13 for Heinhold, \$15 for Purina and \$14 for Manna Pro, Blue seal is around \$9, I can remember when I was paying \$4.50 for 100 lbs.

Well so long and stay warm

Charlie Crabtree

Well it is getting closer to the National New Zealand Show in April; hope everyone has made their reservations. I can't wait to see our friends that we haven't seen in a while. Since Rick Shipe has retired as *Times* editor I would like to thank him the great job he has done, and for all the things he has done for the club in the past. A welcome to Adam Benker as the new *Times* editor, and thanks for taking a job few people would want. John Smith has been in the hospital for about a month now he has cancerous brain tumors and had a mini stroke. He is getting his strength back on his left side, and has booked his motel rooms for New York and Grand

Rapids MI shows. So let us keep him and all our club members in our prayers. All the New Zealand breeders at the Lima, Ohio show were glad to see Bill Gardhouse come down to show with us. We had not seen him in a while. George Raisor judged New Zealands and did a great job. Kristi Rodgers won best of breed with a white 6/8 doe. The show was over early—about 1:30 p.m. because of the cold weather. The Ohio State New Zealand Rabbit Breeders spring show will be back in Columbus, Ohio this year. We invite everyone to come for both days this May 5-6, 2007. The fall show will be November 10, 2007 in Urbana, Ohio.

Lisa Jennings

It been a cold and icy winter so far for us, but I have been pretty lucky we are enough south that were not getting a lot like everyone else in Missouri.

I hope everyone has a lot of babies coming and making it thru the winter. Dad and I are down to Rowbotham-Jennings,

Lora decided to get out for awhile. She is planning on getting married in June.

Our Missouri State Convention was cancel last December due to weather, so it is on for March 10th & 11th and will still have the regular convention in December again.

We have a few brokens coming along now and can't wait to start showing them.

I hope to see everyone in New York, we all just have a blast at that show. It is nice to relax and help when needed. See you in New York.

David Klindt

Greetings from subzero Iowa! I hope everyone is doing well and surviving the cold temperatures. We had our first show of the season at Princeton, Illinois. The number of rabbits was down due to the cold temperatures and the Chicago Bears playing in the Super Bowl. I encourage everyone to attend the Spring National in New York. I,

unfortunately, will be unable to attend. My wife, Sara, and I are expecting our first child March 23rd (although Sara is praying Kylie Jane Klindt will come sooner).

After a warmer than normal December and January, February has been below normal. This has made it difficult to breed. After getting quite a few litters in November and December we've had very little success since then. Our white numbers are up, but our black and red numbers are down. In fact, after raising 7 babies, our Best of Breed Black doe from Texas died suddenly.

Hopefully everyone can attend a few shows before the National. Supporting local shows is a great way to get more New Zealand rabbit breeders. Good luck in New York!

John Neff

I would like to start off by thanking Rick Shipe for all of his hard work as our *Times* Editor. Over the years, Rick has done so much for the

Federation and I only hope he knows how much it was appreciated...

And next, welcome Adam Benker, our new Editor. Thank-you Adam for stepping up and taking on this challenge. Please do all you can to help Adam and we all know what a great job he will do. You can help by sending material for the *Times*. It will certainly make Adam's job easier.

By now, we are all looking forward to heading to NY; or by the time you read this we'll be back! This will be a great National & I hope we see record numbers of our favorite breed shown. Not sure at this time what I will have but I am looking forward to the trip. To me, I am just happy to see everyone & I hate to miss any of these shows. Next year we will be headed back to Texas. We all should take time to thank these dedicated members for what they do for us each year. Where would we be without them?

I am a little worried about the early Convention this year. I'm not sure I'll be able to get

anything ready, but we'll be there. I just can't believe how time goes by, I think it has something to do with getting older!

On the Sweepstakes front, Julie is still working very hard to get all of this information inputted, and submitted to the *Times* & for the website. I would like to say that I think it is going better, but still not perfect. We both would like to thank-you all for your patience & support, it is appreciated.

Well, I better bring this to a close, so I can get it sent to Adam. Good luck to all this spring & enjoy this great hobby...

Arnie Schmidt

Hi from Northern Illinois, This is my first article as your new director, as such I thought I would let everyone know a little about myself for those that don't know me.

My name is Arnold Schmidt, I live in Union, IL with my wife Sue, we have been married for 16 years. I have raised rabbits most of my life.

It started with 4-H and FFA, as life evolved and I got married and started a family I quit for a time. Then my daughter started in 4-H and decided that she wanted more than just that, she wanted to show at shows. We went to Wayne Kaltenback in Rockford, IL, because she wanted NZ Reds, he was the only one around here that had them. I decided that since I would have to take her to the shows that I might just as well show also. Then my son also wanted to show and he wanted NZ Blacks. The names of my children are Cindy, Bob, and if you add my name that is where the name ABC Rabbitry came from. We still use that name even though they no longer show. We now raise all three colors of NZ, Siamese Satins, and Florida Whites. We also hold the certificate of

development (for the 2nd time) for the blues and we also have brokens. We are hoping that the blues will pass this time. We plan to present in Louisville, which ironically is the place that we ended last time.

I became a NZ member in 1980 and am now a life member, as is my wife. Enough about me on to club business.

I have received several anonymous letters with nominations for the Hall of Fame. These nominations will not be able to be submitted due to the fact that they do not meet the guidelines set forth in the guide book. Please read these guidelines before submitting your nominations. All nominations must be accompanied by the nominator's name. The name of the nominee must be accompanied by their merits and accomplishments and why you feel that they deserve this award.

Individuals or clubs may nominate someone. Please follow the guidelines so that we can get deserving members into the Hall of Fame and also for the Outstanding Member awards.

If anyone would have any questions about this please do not hesitate to contact myself or any of your directors. We would all be happy to help you.

I hope you all have nice litters for the ARBA convention, and older ones for New York. As I am writing this it is -10 with 10-20 mph so we are having wind chills of -30. Yesterday all our waters were frozen. It is better today, got the heaters going. Supposed to be like this for a couple more days. I have had enough of it already!

Well I better get this closed up and sent to Adam to make the deadline. Stay warm and keep those nestboxes full.

unknown

Looking out at the thermometer, today is a far cry from July 31, 101° then, -26° today. Hello from the land of extremes, 127 degrees. Last time I mentioned the amazing flexibility of the rabbit, and this is another example of the rabbit's flexibility and those of us who raise them. I think of our cold, and then don't feel so bad as Paul Grundtisch is probably burrowing to his rabbits in Buffalo—Good Luck.

The rabbits appear to be doing good, have had a few litters this winter, several coming the end of the month. All of us will begin to gear up for this fall. Will not be able to make Hamburg. Wish all of you good luck, will miss seeing Paul doing his table dance, it didn't cost a \$1, just BOB, maybe that should be a new NZ tradition.

I was going through some papers my mother had saved from the 60's. Amazed of the changes, Purina feed purchased Oct., 1961, \$2.30 for 50 lbs, white fryers brought \$0.23. Today feed is \$12.00 for 50 lbs., fryers are \$0.90 lbs. Also found a results sheet from the

first convention I attended in Sedalia, MO, 1963. There were 226 NZW's with Fibber winning BOS, NZ Black 34, NZR 106. The three colors were not combined for breed BOB. There were 31 breeds shown, Dutch 310, NZW 226, Cals 218, Satin 173, Champagnes 133, Checkers 149, English 122, Martin 116, 3 Lops, 10 Floridas, 105 Rex, the rest of the breeds were under 90. Far cry from today's conventions, not only numbers but the added breed and varieties. My biggest memory from that convention was the 3-50 gal. barrels of dead rabbits as a result of the unseasonably hot conditions most exhibitors traveled through, without air conditioning.

Sometimes it is good to remember the past and to see how far and much life has changed. Thanks to Rick Shipe for his years of *Times* editor, Good luck to Adam through this transition stage. Also our prayers go out to those under the weather and our sympathies are extended Bob Berry's family as a result of his recent death. Until next time.

WHERE DO WE GO FROM HERE?

We have had major fundraising efforts over the past several years to build the treasury up to a level that could support the publication of our guidebook. That has been done, but where do we go from here?

There has been talk about the declining membership numbers and how to stooop that trend. Several suggestions have been made, including donating a membership with rabbits that are sold, but where do we go from here?

Many of us have good ideas for solving the problems that the Federation has and some are good at putting those ideas into action. There are very few people the have the skill to do both successfully. The Leadership of the Federation needs to know where your skills lie, are you an idea person, an implementer or just a worker? Any of you that want to get involved should contact one of the Officers or Directors and let them know what your strengths are that

you are willing to use for the betterment of the Federation.

There is much information that is contained within our membership, but if we don't provide it in a form that is easily accessible it can't help the average member. One such example would be the formation of Breeder listings set up by regions or districts that contained all the information someone would need to direct inquiries about where to find rabbits for sale. This would create a way to help ourselves by helping others.

One or two people can keep an organization afloat for a fairly long period of time if they have strong enough personalities. It takes many members of an organization, working toward a common goal to create an atmosphere of growth. Let your Leadership know what that common goal should be, so that we can know where we go from here.

Take care,
Tony

A Message from the Editor...

Greetings to all, I hope this newsletter finds you all well! I will start off by introducing myself, I am Adam Benker, the minority shareholder, and I mean minority, of Benker's Rabbits. I grew up around animals all my life but we didn't start raising rabbits until I was 15. Rabbits have played an enormous role in my life as well as my fathers, it was the common thread that held our relationship together thru some very rocky times and now has become a passion for both of us and it such an amazing hobby to be able to be a part of. I have met some incredible people that I now consider close friends and my dad and I enjoy many hours preparing for the shows, I hope someday my children will be able to share this with me as well.

I am married, and have three awesome kids and I am lucky enough to stay at home with them and have my own taxidermy business. This has allowed me the time to volunteer as the editor. We need to make sure and acknowledge Rick for his many years of service as editor and all the other positions he served, I am sure to find out just how thankless a job it is! This first newsletter is very similar to ones in the past but in the upcoming issues we will start to see some changes, some you may like, other you may not I just hope that you will share feed back with me, because in the end this is your newsletter and is here to serve and inform you. It will only be as strong as you make it and nothing I can do to change that.

This issue contains your petition for various positions that are open in or organization, this is your opportunity to help. The club is at a turning point, we need to get you involved and help the club grow so that the New Zealand's can continue its fantastic tradition as the breed in the lead!

Again any suggestions you may have are welcome.

Until next issue.

PASTEURELLOSIS

Oregon State University Rabbit Research Center
Cheeke, Patton, Lukefahr and McNitt

Virtually all rabbitries are infected with *Pasteurella multocida*. Many rabbits carry this organism in their nose even when showing absolutely no signs of nasal discharge. The term "pasteurellosis" covers a multitude of clinical conditions all caused by *P. multocida*. By far the most common manifestation of pasteurellosis is the condition called snuffles. However, pasteurellosis is also evidenced by pneumonia, abscesses, weepy eyes, pyometra (**uterine infection**), orchitis (**testicular infection**), and wry neck.

SNUFFLES

There is no such thing as a cold in rabbits. Mucopurulent nasal discharges (**pus**) that many people attribute to colds are almost invariably caused by *P. multocida* in conjunction with another bacterium called *Bordetella bronchisepticum*. This is not a transient condition like a cold, but one with permanent adverse effects on the animal. The preliminary signs of sneezing and discharge have to be differentiated from dust or drinking water in the nose. Usually if the sneezing continues, and especially if begin to feel a matting of the fur on the inside of the front feet (**a rabbit uses its front feet to wipe its nose**), you can be quite confident that snuffles has appeared in the rabbit herd. Snuffles are extremely contagious. Each time a rabbit sneezes it contaminates the surrounding area with thousands of bacteria. People themselves can spread these bacteria on their hands and clothes (**the chance of rabbits contracting snuffles at a show or fair is extremely good unless you are very careful and take precautions**). Rabbits can pass

it to each other by contact, and equipment and cage accessories easily transmit the organism. The other forms of pasteurellosis mentioned above generally begin appearing after snuffles are noticed. Strict culling or isolation of rabbits with snuffles will keep the problem from getting out of hand. Rabbits can be treated for snuffles with a number of antibiotics. This treatment at first may appear to have been successful. The sneezing stops as does the discharge, but as soon as the rabbit is stressed (**often it is reproductive stress**), it breaks with the disease again and this time it is more difficult to treat. Vaccination for *P. multocida* has been tried many times by both researchers and rabbit growers, with little success. Vaccines have not been successful because there are many different strains of *P. multocida*, each of which would require its own vaccine. In addition, immunity has been shown to last only a few weeks. By far the most important factor in controlling snuffles is prevention. Strict sanitation, good ventilation, and strict culling aid in preventing the disease. Any rabbit displaying signs of snuffles should be immediately culled.

Ventilation is very important in the control of snuffles, since both humidity and ammonia are involved in transmission and development of this condition. Ammonia is produced by the action of bacteria on the urea excreted in rabbit urine. Urea is produced by rabbits and other animals from excess amino acids. Thus a high dietary protein level will increase the amount of urea excreted, resulting in elevated levels of ammonia produced. High concentrations of ammonia in the atmosphere

can have adverse effects on both animals and humans in the rabbitry. People working in poorly ventilated livestock facilities may develop headaches and respiratory problems. Ammonia increases the susceptibility of rabbits to snuffles and pneumonia. Exposure to ammonia damages the sensitive tissues of the nasal passages, allowing *P. multocida* to colonize the tissues. Problems from ammonia can be minimized by reducing the amount of the gas formed and by increasing its rate of removal from the building. Decrease ammonia production can be achieved by daily removal of the feces and urine. High humidity is a stress which increases respiratory disease, so methods of cleaning which minimize the use of water might be advantageous.

Proper building design can help to reduce ammonia and snuffles problems. In temperate

areas, long, narrow buildings with open sides for natural ventilation give the best results.

GREAT LAKES – GREAT PEOPLE – GREAT TIMES

What a great theme for the 2007 ARBA Convention in Grand Rapids, Michigan. A block of 30 rooms is reserved at the Courtyard by Marriott as our New Zealand headquarters for the 84th ARBA Convention. The Marriott is attached to the DeVos Place (convention center) which will add convenience to our stay in Grand Rapids. Here are the details.

Courtyard by Marriott
Reservations: 1-800-321-2211

Hotel Rate: \$95 per night (1-4 persons)

The Amway Grand Plaza Hotel is the ARBA headquarters and is also attached to the DeVos Place. Reservation information for the Amway is as follows:

Amway Grand Plaza Hotel
Reservations: 616-774-2000

Hotel Rate: \$99 per night (1-4 persons)
www.amwaygrand.com

Our rabbit raffle for the 2007 convention will feature a pair of New Zealands from Manuel Hidalgo. Manuel has won BOB @ 6 ARBA conventions and Best of Group in 2001 and 2002. Raffle tickets will be available after May 1st. Raffle tickets will be \$10 each and can be purchased from our directors and during the convention in Grand Rapids. Stay tuned for more details in the *New Zealand Times*.

American Federation of New Zealand Rabbit Breeders, Inc.

Officer Nominating Petition

This petition must be filed with the Secretary of the American Federation of New Zealand Rabbit Breeders, Inc., and be postmarked by May 10, 2007. **NO EXCEPTIONS.**

Each signer may sign only as many petitions for each office as he or she can vote for and no more.

To have candidate's name on the ballot, ten members in good standing must sign the petition below. It is better to obtain more than you will need in case someone is not current on their dues.

We the undersigned, all of whom are members in good standing of the American Federation of New Zealand RBA, have signed no other petition inconsistent here in, petition the Secretary of the Federation to place the name of:

NAME _____

ADDRESS _____

Who is a member in good standing, on the Official Ballot for the office of _____ of the American Federation of New Zealand Rabbit Breeders Association, Inc.
